### Adarsh Janta Inter College U.P. | 2014-16

Matriculation; 89.33%

## Projects

---

### CAR RENTAL SYSTEM | Java, Java Swing |

- The Car Rental System featured a user-friendly interface, allowing customers to easily browse available vehicles, check rental rates, and make reservations. Additionally, I implemented a secure payment gateway to facilitate seamless and safe transactions.
- Project Link - GitHub

### PORTFOLIO WEBSITE | Html, Css, JavaScript |

- Developed a visually appealing and user-friendly portfolio website using HTML, CSS, and JavaScript to showcase skills and achievements.
- Implemented responsive web design techniques ensuring seamless user experience across devices.
- Project Link - GitHub

### BLOOD DONATION MANAGEMENT SYSTEM | MySQL |

- Designed a DBMS project in a team of 4 people. It creates a database for donors, recipients and blood types, optimizing accurate matching and tracking
- Streamlines blood donation management through donor registration, donor tracking and precise blood type matching.
- Project Link - GitHub
